

A little more room to grow.

A community concept at Urban Sprout Farms

Sprout Village brings together private rental cottages, a generous clubhouse and a farm-inspired setting in Atlanta. Your own front door meets shaded walks, a morning coffee and places to exercise, work and gather.

2200 Reynolds Drive SW, Atlanta, Georgia

Everyday, with more possibilities.

Move + recover

A mirrored gym with multiple cardio machines, cable trainer, pull-up stations, power rack, free weights and benches. Sauna, steam, showers and changing complete the experience.

Work + meet

A dedicated coworking and meeting room, acoustically separated from the gym and social lounge, creates space for focus, collaboration and conversation.

Gather + celebrate

A flexible lounge for birthdays, meetings and resident gatherings, with a pool table, serving bar and two arcade machines, beside the pool and deck.

Coffee + green space

A separate coffee and farm store, walking paths, an orchard and fruit trees connect daily life with the landscape. Solar-shaded parking and golf-cart bays serve the village.
